Secretary Wilson Continues His Investigation Of Stock Yards.

WORK BEFORE BREAKFAST TODAY

Says Meat Men Are Working With Considerable Vigor To Make Improvements Wanted By The National Government.

[BY ASSOCIATED PRESS.]
Chicago, July 10.—Secretary of Agriculture Wilson continued his investigation of the stockyards today and made trips through several plants before breakfast. He continued his investigation until late in the morning and expressed himself as satisfied with what he saw there. "It seems to me," said the secretary, "that the packers are working with commendable vigor to make improvements, and I understand there will be so let up in the work until they have fixed things as the government wants them."

UP TO CLOUGH TO BUILD THE ROAD

ADVANCEMENT ASSOCIATION FAVORABLE PLANS PROJECTED.

CITIZENS EXPRESS WISH

Council Also Informally Endorses the Project to Favor Freight Carrying Franchise.

It is up to H. H. Clough now to build the Interurban road between Janesville and Madison. Apparently all he has to do is to make his formal application for a franchise, receive it and begin work putting his road into operation. The Janesville Advancement Association have endorsed the project and so have the council. The citizens generally are enthusiastic over the project and everything seems smooth sailing for the proposed road.

Preliminary Survey

It would appear as though the road would utilize the present line of the Janesville street railway as far as an exit from the city is concerned. Just whether it will go to Milton or Indian Ford does not seem certain, but that Mr. Clough wants to build the road and will build the road if he secures a suitable franchise is certain. The action of the people in granting the proposed concession will have much to do with the work which the road is constructed.

At the Council

After adjournment of the council last evening Attorney T. S. Nolan addressed the aldermen with regard to certain features of the 50-year franchise which H. H. Clough, Mr. McAllister, and the other parties associated with him propose to ask from the city of Janesville. He spoke of the improvements that would be made in the local street-car system and concluded with the statement that Mr. Clough wanted a fair assurance that liberal rights in the matter of carrying freight, baggage, and mail matter would be granted before proceeding further with the project. He was willing to have this right restricted to a motor car and one trailer. The promoters were willing to have a provision inserted requiring the line to be macadamized at its own expense for a distance of eight feet on improved streets where there was a single track and 16 feet where there were double tracks.

Connell Objects

Ald. Connell said that he did not think that the car line should be permitted to use gravel on paved streets. Mr. Nolan called attention to the fact that most of the streets on which the proposed line would operate had ever been paved, would be already so improved. Otherwise Ald. Connell was favorable to the project. Ald. Fish said that he would like to see some business moving on the streets and was in favor of granting rather liberal freight-carrying privileges. Ald. Watt said that the people wanted this line and wanted it bad and whatever the line wanted should be handed to it on a silver tray. Ald. Merritt thought that the franchise could be adjusted to the satisfaction of both Mr. Clough and the city.

Nolan's Plan

Mr. Nolan said that if the franchise were granted work would be commenced at once. Milton avenue was the probable route out of the city. It would be necessary to get the permission of the property-holders along right-of-way as well as of the city to carry freight. Ald. Sheridan asked about the possibility of the road's carrying livestock. Mr. Nolan believed that such a contingency was unlikely, especially where the electric line paralleled steam roads as in this instance. The cars might, however, carry hogs. Ald. Rudolph expressed himself as very much in favor of such a project. Ald. Buchholz thought it would mean more business for each and every citizen. The opinion seemed to be unanimous, as far as the aldermen were concerned, that all possible inducement should be given the promoters of the road.

[SPECIAL TO THE GAZETTE.]
London, July 10.—A new daily newspaper, devoted to the interests of labor, made its initial appearance today. It is called "The Majority" and is said to have strong backing among the labor organizations. A unique feature of the venture is the plan to devote a portion of the profits from the newspaper to financing the labor party in and out of Parliament.

BILL POSTERS AFTER LURID AND IMMORAL

Association Claims to Have Put Hooks Into Several Objectionable Theatrical Companies.
[SPECIAL TO THE GAZETTE.]
Chicago, July 10.—There was a large attendance today at the opening of the sixteenth annual convention of the Associated Billposters and Distributors. The gathering was called to order at 10 o'clock in the assembly hall of the Auditorium hotel. The address of the President, Barney Link, and the reports of various committees showed that during the past season the association has made gratifying progress in its warfare on immoral posters and immoral shows. On the protest of the association several particularly objectionable melodramas of lurid title and suggestive posters were withdrawn from the road during the season.

CAREFULLY PROTECT ROYALTY ON TRAIN

Every Inch of Track Over Which English King, Queen and Daughter Will Pass Is Inspected.
[SPECIAL TO THE GAZETTE.]
London, July 10.—Not in the history of English railways have greater precautions ever been observed to protect the royal train than those which had been perfected when the King and Queen, accompanied by Princess Victoria, left King's Cross today on their journey northward. The preparations for the trip had been in hand for weeks, but the extraordinary precautions were undoubtedly prompted in a measure by the recent Salisbury disaster. Every particle of the apparatus of the train and the track had been subjected to the most careful inspection. Station-masters, operators and track inspectors at every station along the route, no matter how small, were imperatively required to be on duty half an hour before the royal train was due to examine personally as to signals and switches, and to see that all was in proper working order. The pilot engine ran a quarter of an hour ahead of the royal train, and after its passage all the tracks were kept absolutely clear. The royal train was drawn by two locomotives, with expert engineers, and a complete staff of railway experts accompanied the train for immediate action in case anything should go wrong. After spending the night at Alnwick castle as guests of the Duke and Duchess of Northumberland, their Majesties will make a visit tomorrow to Newcastle.

POETRY IS USED BY CONGRESSMEN

IN MANY OF THEIR SO-CALLED SET SPEECHES.

ARMY RHYMSTER IN TROUBLE

Man Who Wrote Kipling-Like Attack on Officer to be Court-Martialed

(Oshkosh, Wis., July 7.)—(Special Correspondence.)—It is no unusual thing for members of congress to intersperse their speeches on the floor of the Senate and House with poetical quotations. Especially is this true in set speeches, most of which are never delivered, but which are incorporated in the Congressional Record that they may be later printed in pamphlet form and distributed to admiring constituents. A few apt quotations from the classics, either English or other, is well calculated to impress the audience admiringly, and the member is usually careful to choose his quotations with care.

an ass.

And lumber smells like cologne.

When plowshares are made out of glass.

And hearts of Tennesseans are stone.

When sense grows in republican heads.

And wool on the hydraulic ram.

Then the democratic party will be dead.

And this country not worth a d—n.

Representative Hefflin, of Alabama, lived up to a speech on the tariff question, always dry, with an extract which he applied to the failure of the republicans to carry out their pledges to the people and who are now apprehensive, according to Mr. Hefflin, of the result of the approaching election.

His contribution was:

"Freeze, freeze, oh, bitter sky,

That dost not bite so nigh

As benefits forgot;

Though thou the waters warp,

The sting is not so sharp

As friends remembered not."

Continuing Mr. Hefflin turned Hepburn of Iowa "the old sea captain," adding: that in spite of his skill the old vessel,

"Heaved and sot, and sot and heaved,

And high her rudder flung,

And every time she heaved and sot

A mighty leak she sprung."

Mr. Hefflin further displayed his acquaintance with the poets, major and minor, by saying that while the republicans boast before elections about what they will do when they get in office,

"Bees on flowers lighting cease their hum,

And republicans in office soon grow dumb."

This effusion appears to be original with Mr. Hefflin but the next is not. Referring to his charge that the republicans had failed to "lay the hand of destruction upon the trusts that corrupt the electorate of the country and rob the people," Mr. Hefflin said:

"You have turned your thunder into showers of gold, whose 'silent' courtship wins securer joys, 'silent' by degrees and ruins without noise."

Speaking of poetry, the poem written by Private O. L. Price of the Marine Corps at Manila, has kicked up a row in the Navy Department. Some time since Private C. W. J. Anderson, of the Marine Corps stationed at Olongapo, Philippine Islands, died and the band was ordered to play the funeral march. It appears that one of the pieces performed at the service or on the return from the cemetery was "Always in the Way." This naturally caused a deal of discussion among the privates in the Marine Corps, who resented it as a reflection on their dead comrade and Private Price wrote a very creditable poem entitled, "It sounds a little awkward: 'Always in the Way.'"

The Kipling-like piece was reprinted in the Gazette and will be remembered by readers. Wide publication of the poem led to an investigation by the Navy Department. The report of the investigation has been received and according to the Board, while the music has an inappropriate name, the slow and solemn rhythm of the song was just suited to the occasion.

While there is no doubt that it is a sad little song, the chorus is written in waltz time and there will doubtless be others of musical tendencies who will dispute the claim that it was "just suited to the occasion."

At the time it was charged that an officer ordered the drum major to play this tune and he protested but was compelled to carry out the order. It does not appear whether this was the fact or not, but officers at the Department here are of the opinion that the wrong folio of music was taken to the funeral and that the drum major did the best he could in selecting an appropriate piece out of a rag-time folio. At any event the Board reports "it was the best the band could play anyway."

But while the band is exonerated from blame, Private Price will likely get it where the chicken got the ax for violating the regulations of the marine corps in causing to be published scurrilous verses about another branch of the service. It appears that Price's efforts have not been confined to this occasion as before that he frequently put out verses condemning things in the service which did not meet his approval. The board condemns the Manila newspaper which first called attention to the "Always in the Way" incident.

The fact that the Journal of the House of Representatives shows the adjournment of congress as having taken place on the legislative day of June 29th while the Senate Journal shows the date to be June 30, has caused some speculation as to whether the acts passed during the closing hours would be invalid. The apparent discrepancy arose because the House adjourned from time to time, continuing the legislative day of Friday while the Senate adjourned from Friday to Saturday. There seems to be no question but that the acts will hold, if the matter is ever brought before them; that the legislative day is well recognized as a fiction and that as both Houses were in session until a certain hour on a calendar day, June 30 and the President had signed the acts under that date they are perfectly legal.

Washington is mildly interested in the affair at the railroad station at Oyster Bay in which a photographer was punished by a secret service operator for snapping a camera at the President as he was about to step into his carriage. It seems that in drawing back his arm in order to punch the photographer the sleuth gave a baby carried by a woman in the crowd a rear arm jab with his elbow, which the youngster resented by setting up a howl. The photographer has since hailed the "detective" before a justice of the peace on a charge of assault, putting in as evidence a badly damaged cheek and optic. While most men in public life will be pleased that a somewhat overzealous photographer had his cheek, hitherto supposed to be of adamant, badly damaged, at the same time this has added to a list of other incidents which have hitherto attracted public attention, including the treatment of Mrs. Morris in the executive offices and the contemptuous conduct of the President's coachman.

This much should be said for the secret service, men, that they are constantly on edge. Whether rightly or wrongly, they have always felt that a little more caution at Buffalo would have prevented the assassination of McKinley. Later, one of the President's guards was thrown from a carriage and killed at Pittsfield, Mass., and they live in constant dread that some one may get to President Roosevelt and do him bodily injury in spite of all their precautions. A favorite method of carrying bombs in European countries is in a box resembling a camera, the would-be assassin approaching his victim under the guise of taking a photograph. The investigation may show that the secret service man was warranted in assaulting the photographer, but such instances are calculated to increase, rather than diminish the unfavorable criticism of the strenuous conduct of those attached to the President's household.

Former Senator Thurston of Nebraska is one of the leading lawyers in the District of Columbia and has argued many cases since his retirement from the senate a few years ago. It is said of Mr. Thurston that he was recently arguing a point of law against the government's attorney in a forceful and impressive manner. Before he had proceeded very far in his argument, however, the judge interrupted him to say that he was ready to decide the case in favor of Mr. Thurston, who said: Very well, your honor, I will make no further remarks for fear of changing your opinion."

The distinction of being the tallest man in the United States army belongs to Ernest D. Peek, a first lieutenant in the engineer corps. He is six feet four and one-half inches in height. Lieut. Peek is a native of Wisconsin and graduated from the Oshkosh High school. He entered the military academy at West Point in 1897 and upon his graduation in 1901 was a "star" thus entitling him to assignment to the select arm of the service, the Corps of Engineers. Lieut. Peek is now on duty at Yellowstone Park, Wyoming, and has supervised the building of a military road known as "Peek's Pike." He is called "Peek's Pike" by his comrades in the service.

...FORTY YEARS AGO...

Janesville Daily Gazette, Tuesday, July 10th, 1880.—Final. It Up. We see the authorities have done a good work in grading the high school building, and have filled up the duck pond which has offended the eye and the sense so long. There is no reason why the "messias" generally should not be put in good repair. It cannot be that we are too poor as a city to keep so fine a building, and the grounds in decent condition. It looks shiftless enough to see things so at loose ends. The grounds even have hitherto been left as they were, when vacated by the silent sleepers of the cemetery, the trees are unprotected, there are no walks leading from the streets to the building, and no fence protects the surroundings already.

In Police Court.—Procrastination is said to be the thief of time, but it was demonstrated before Judge Hudson this morning that Peter Gable is the chap after all. He stole the watch transferred it to another man who soiled it off, and the winner taking it to a jeweler to get it fixed exposed the whole thing. Peter has been bound over for trial. His countenance has convicted him of grand larceny already.

NEWS OF THE COUNTY

BROODHEAD.
Broodhead, July 9.—The Homecoming is over and has been pronounced a grand success, by all. It certainly was a great celebration from start to finish and the executive committees are most assuredly deserving of the praise they are getting. The weatherman even did his best and three nice days could not have been asked for. The first day of the celebration passed off gloriously and the crowd was the largest ever in our city, there being between eight and ten thousand people here. The parade started at ten o'clock and was without doubt the best ever seen here. There were ball games all three days and while they were all enjoyed, none pleased like that of the business men against the doctors and dentists. The three-balloons ascensions are also worthy of note for all have said that three prettier ones were never seen. The music for the three days by the Evansville and Broodhead bands was fine and especially after they joined and played together. The Old Folks' Dancing party, on Thursday evening, was another special feature, never to be forgotten by those in attendance. The dancers were very much crowded on account of the hundreds of spectators who stood in tiers around the large hall. Perhaps the saddest yet happiest meeting of all was the Homecoming meeting on Thursday morning in the city park. So enthusiastic were they that at twelve o'clock they adjourned the meeting until 1:30 and it lasted late in the afternoon. The nature of the meeting was short talks and addresses by old settlers and singing by a double quartette of old residents. Few accidents happened considering the crowds and length of the celebration. On Wednesday a young man Albany by the name of Webb was quite badly hurt in a runaway, sustaining a broken collar bone and shoulder blade. During the fireworks Wednesday evening a few accidents were narrowly averted but nothing of any consequence happened. So the Homecoming has come and gone and pronounced by all a success in every way.

Miss Barbara Rolis, of Stoughton, visited at the home of O. J. Barr during the Homecoming.

Mrs. Aggie Kingman is suffering from an attack of rheumatism.

D. W. H. Taylor of Salem, Mo., has been spending the past week with his many old time friends here.

\$100 REWARD.

The doctors of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disorder, requires a constitutional treatment. Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing his work. The proprietors have so much faith in its curative powers that they offer \$100 Reward for any case that it fails to cure. Send for list of testimonials. Address: F. J. CROWLEY & CO., Toledo, O.

Can we longer afford to overlook the fact that we can secure the very best of dental service at about half the rates of have been paying? Dr. Richards of Janesville, the independent dentist, says he would be delighted to have his work (put out at a modest price) compared with work done by others at possibly double his prices. He affirms that the comparison will establish the fact that his work is good in every respect. His work is lasting. His work is done thoroughly. His work is substantial, and, in fact, not excelled by that of any other local dentist.

In addition to the reasonableness of his prices, he gives close attention to the patient's work. Now see what you get by having him do your dental work.

COUNCIL HEARD MANY REPORTS

FROM SEVERAL DEPARTMENTS OF CITY LAST EVENING.

SIGNS FOR ALL STREETS

Were Authorized and Two Weed Commissioners Appointed—Other Business of Session.

Numerous reports from the various departments of the city were received and passed upon by the city council last evening. Supt. C. A. Potter's accounting of the operations at the stone crusher for the two weeks ending July 7, showed a total of 405 hours' work and a total of 412 yards of crushed stone delivered. Of this amount 34 yards went onto Pleasant street, the road to the crusher. City Marshal Appley's report showed a total of 60 arrests during the month of June. Nineteen prisoners were taken to court and 11 discharged. There was one arrest for burglary, one for larceny, 4 for assault and battery, and 54 for drunkenness. W. H. Appley was responsible for 9. Fred Beneke for 7, John Brown for 14, Robert Bear for 9, Peter Champion for 7, Patrick Fanning for 12, Thomas Morrissey for 1, and Watchman Palmer for 1. Stolen property recovered and returned to owners amounted to \$31 in value. Lodging was given to 5 men without work. The municipal court report for June showed that court fees amounting to \$17.02 and fines amounting to \$21 had been collected. Five civil actions, four for drunkenness and disorderly conduct, and one for abusive language, tried. The finance committee reported its approval of the assessors' rolls and by resolution instructed the city clerk to make out the tax rolls from the same. Assistant Street Commissioner Thos. McKine's report recommending that a new walk be ordered built along the south 1/2 of lots 3 and 4, block 33, original plat, on Court street, was adopted. The street assessment committee's report on the amounts required for sewer construction in six districts was adopted and the amounts incorporated in the tax levy. The city treasurer's report for June and that of the finance committee on bills and the salary list were favorably passed upon.

New Weed Commissioners

Mayor Hutchinson, announced his appointment of M. Bowen and P. H. Steed as weed commissioners and the same were confirmed. The report of the street assessment committee on plans for sewer construction drawn up for the benefit of bidders was adopted. By an order, the owners of the building situated at No. 13 West Milwaukee street were directed to discontinue the discharging of all sewage from the said building into the old race way and to connect their sewer with the sewer system of the city. By a resolution the street assessment committee were directed to take the necessary preliminary steps towards the grading, macadamizing, laying of gutters, and otherwise improving South Bluff street from the southerly side of South First street to the northerly side of South Second street.

Bids for Walks and Coal

The city clerk was directed by an order to advertise for sealed proposals for the construction of cement walks in front of the Douglas school on Linn street; the Garfield school on Union street; and in front of the city's portion of the triangular piece of land on South High street between Rock and North streets, according to specifications prepared by the city engineer. The said proposals will be received up to eight o'clock p. m. on July 23. The work must be completed within thirty days after the award of the contract. The clerk was also directed to advertise for bids for furnishing the city with sixty tons of large egg coal, fifteen tons of Hocking Valley, twenty-five tons of range, twenty-five tons of pea coal, and ten tons of small egg coal.

Too Much Street Sprinkling

By the adoption of an order introduced by Ald. Fish the city decided to label all streets in the city with signs costing not more than thirty cents a piece, the same to be nailed to telegraph poles. The city clerk was directed to renew the insurance on the detention hospital. The city engineer was directed to prepare and file sidewalk grades for the north side of Glen street between Thomas and Cornelia streets, and for Stone street. The street commissioner was directed to lay brick crosswalks on School street on the west side of Franklin and on Cornelia street on the north side of Fourth avenue, to raise the low portions of the brick pavement on South Main street between Milwaukee and Court streets; to clean the macadam part of South Main street; to rake up the stones and rubbish from the streets of the city and to repair South River street from Holmes street to the waterworks plant with gravel. Ald. Merritt said that in his opinion the sprinkler was pouring too much water on the streets; so much so that only wearers of high water trousers escaped inconvenience. The practice of sprinkling as late as six o'clock also made the work for the street sweeper difficult. On his motion the street commissioner was given authority to direct the operations of said sprinkler. Aldermen Dulin and Hager were absent from the session.

1906-7 TAX LEVY IS \$129,343.79

But \$14,300 of the Amount is for Sewer Construction and \$3,900 for Christian Crall Site.

In accordance with a resolution of the finance committee and passed by the council last evening the sum of \$129,343.79 is to be raised by taxation for municipal purposes this year. Of this amount \$14,300 is for sewers. The actual sum to be raised for ordinary public purposes is, therefore, \$115,043.79. The levy last year was \$112,441.49, of which amount \$1,000 was for sewers. The increase is further accounted for by the fact that \$3,900 is to be raised for the purchase by the city of the Christian Crall property at the corner of Wall and Jackson streets, which was authorized by a resolution passed last evening. The city clerk being instructed to draw an order on the treasurer for the amount payable as soon as a deed approved by the city attorney shall be delivered. The apportionment of the money to be raised to the various funds is shown in the following table:

Bonded debt	\$14,970.00

EITHER MAROONS OR CRESCENTS SUNDAY

Strong Team From Nearby Will Play Eagles Here Sunday—Many Other Ball Games.

Manager Thomas Abbott of the Eagle baseball team is negotiating with the Milton Crescents and Clinton Maroons, Managements for a game to be played at Eagle Park Sunday. One of these teams will doubtless come; at that time, but the arrangements will not be completed until tomorrow.

Chicago Team July 22

The "Warrens" of Chicago have been scheduled to meet the Eagles here, the following Sunday, July 22. This team is in the Chicago Commercial league and is composed of employees of the Standard Paint company. Games in this league are played every Saturday afternoon, while the teams are open to engagements outside for Sundays.

Game at Milton Friday

A Janesville "aggregation" will cross bats with the Milton Crescents at Milton Friday afternoon. The lineup will be entirely new; the members of the team being from the Eagles, the Red Sox and "unattached."

Red Sox at Footville

The Red Sox are scheduled to meet the Footville team at Footville Saturday afternoon. The two teams played a few weeks ago; the Footville boys winning by a score of 6 to 5. This time the local boys hope to turn the tables. Clarke and Casey will be the "Bower City" battery and Salzman and Canary will form the Footville battery.

More Amateur Contests

Two more amateur games are to be played at Athletic park Saturday afternoon. Just which teams will meet it has not yet been determined.

SUBSCRIBERS FOR SEASON TICKETS TO CHAUTAUQUA

Are Advised to Call for the Same at the Bower City Bank at Earliest Possible Moment.

Subscribers for season tickets to the Chautauqua Assembly who have not yet called for them at the Bower City bank are advised to do so at the earliest possible moment. After the supply is exhausted no more will be sold at the original rate. Last year the tickets were at a premium at the time the season began and there is every likelihood that history will repeat itself this season.

CROWDS AT PICNICS OF SUNDAY SCHOOLS

Five Hundred Went to Harlem Park, Rockford—Large Number Spending Day at Idlewild.

Two big Sunday school picnics are being held today. That of the Congregational church is at Harlem Park, Rockford, and the boys and girls of the Baptist church, chaperoned by the teachers and parents, are enjoying an outing at Idlewild park, upriver. Fully five hundred are at Harlem. The trip down was made over the electric line. A train of five coaches, each one of which seats fifty people, but today carried nearly seventy-five, left the city early this morning. All through the day smaller delegations departed on regular cars. The amusement of the day was found in the numerous "Features" of the park and on the water. The festivities at Idlewild were also largely attended. The steamer and launches carried up many in several trips this morning and afternoon. The return will be made late in the afternoon and during the early evening. A special boat will be run at 6:30 for those who wish to go up.

TO PLAY SELECTIONS BY LOCAL AUTHORS

Band Concert Tonight in Court House Park—Intermezzo By McKinley's Daughter.

Weather permitting, the Imperial band will render their regular weekly band concert in the court house park this evening. Should rain this afternoon or showers this evening interfere, the event will be postponed until later in the week. A very attractive program has been arranged. Two of the numbers are by Janesville composers—one, a march by Prof. J. S.

Taylor and another, a flower song by Al. W. Kneff, conductor of the band. It is also interesting to note the author of another selection is Mabel McKinley, daughter of the late President William McKinley. The program is appended:

Golden Dome March. J. S. Taylor
Overture "Hypatia".

Serenade "Love's Old Sweet Song". J. Bodewalt Lampe
Intermezzo "Feather Queen". Mabel McKinley

Waltz "Love Legend". Bernard March "Doodle". Clark
"The Story of a Flower". Al. Kneff

17,850 VOLUMES IN THE LOCAL LIBRARY

Book Circulation Has Totaled 48,200 for Year—Revenue From Fines Was \$73.50.

According to the report of the board of directors of the public library the number of books on hand June 1, 1905, was 17,143. To this number there have since been added by purchase 850 volumes; by donations, 21; and by binding, 118, making a total of 18,132. But during the year 193 books have worn out, 49 were destroyed on account of contagious disease, and 25 were lost. With the total loss of 282 subtracted there remained on hand June 30, 1906, an aggregate of 17,850 volumes.

Up to June 30, 1905, cards had been issued to 4,291 borrowers. The increase up to June 30, 1906, was 524 adults and 298 minors, making the total number of cards now in force 5,113. The circulation of books during the past year has been as follows: main library—28,541; children's room—19,719; total—48,200.

The accounting of receipts and expenditures shows that there was a balance on hand July 1, 1905, of \$247.24. There was received by appropriation from the council \$4,000; from rental of the hall, \$81; from fines, \$73.50; from the sale of books, \$1.30; from the balance transferred from the building fund, 74 cents; making a total revenue of \$4,583.78. The expenses totaled \$4,249.56, leaving a balance on hand of \$334.22. Some of the expense items were: books—\$575.50; periodicals—\$147.25; binding—\$275.45; light—\$216.49; fuel—\$372.09; librarian's salary—\$540; cataloger—\$420; children's librarian—\$400; janitor—\$420. The board asked for and was granted an appropriation for the ensuing year of \$4,000, the same being 10 per cent of the Carnegie and Eldred gifts to the city.

William Bladen is president of the board and Miss Gertrude Skavlen is secretary. The members are: H. C. Buell, superintendent of schools; Mrs. Ogden H. Fethers; Horace McElroy; and William Bladen, whose terms expire on June 30, 1908; Mrs. Julia S. Lovejoy; H. L. Skavlen; and Wilson Lane, whose terms expire on June 30, 1907; and Michael Hayes; H. L. McNamara; and David Conner, whose terms expired on June 30, 1906.

Meet July 13. The Summer Club of Household Economics will meet on July 13th at Mrs. Snyder's farm in the town of Footville.

WHAT A BOY SAW IN MINING FIELDS

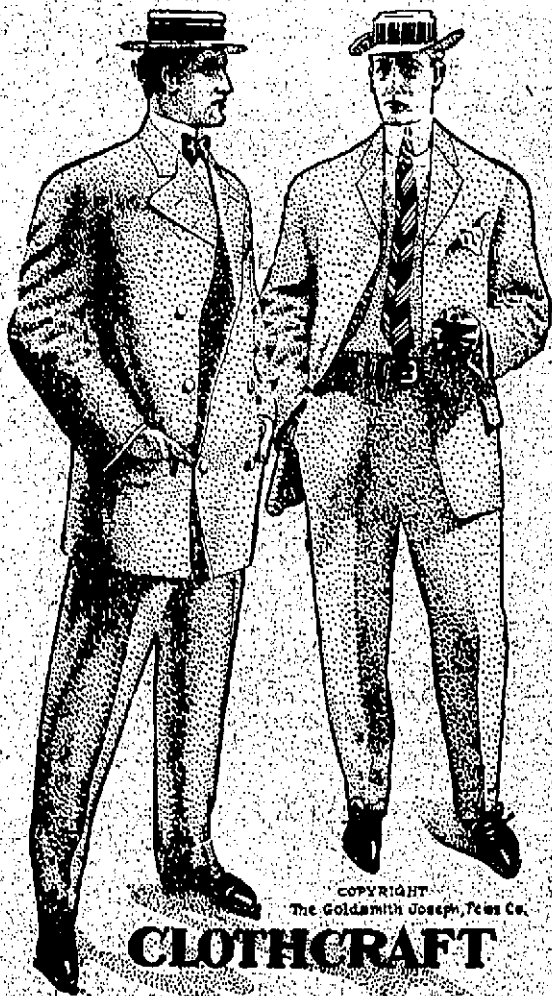

Alonso Pond Writes From Cuba City to the Editor—Much of Interest in Letter.

Cuba City, Wis., July 8, 1906.
Editor: I have been in Cuba City little over two weeks and perhaps you would like to hear from a boy my age and size and find out what I am seeing. First I will tell a little about what one can see from the train. As we near Plattville we see different land than at home. Here they call it jack land. From the car window one can see dozens of drills working and many mines. The mounds are very plain; such as Plattville, Sugar Leaf, Belmont, Sinsinaway and Blue mounds. The most beautiful is Sinsinaway. At the side of this mound is built the Catholic seminary. All land as far as eye can see has been gophered for lead and is good for nothing but pasture. As we near Cuba one can see the famous Baxter mine, the most interesting to me as I know all connected with it. I was very anxious to go down this wonderful mine, so Mr. Bostwick gave me a permit to do so. After a few days Mr. Bunt, the superintendent of this mine, took my uncle, Mr. Bailey, my aunt, Mrs. Bailey, my brother, Edwin, and I down this mine. To go down we get into a big iron bucket and are slowly let down some sixty feet. When we reach the bottom we get out of the bucket and are handed lighted candles.

There is just enough light from the candles to make the walls of jack and lead look like big eyes looking at me. To get the ore to the shaft it is carried in little cars on tracks about two feet wide. Each track goes to a different drift, where the cars are filled by different miners. One would think the air would be bad, but as there are two air shafts it is cool and fresh. While Mr. Bunt held our candles my brother and I took a pick and got some beautiful samples of ore. The holes used for blasting are made by drills run by compressed air. After staying in the mine an hour or so we got into the bucket and were hoisted to the top, there to see the working of the mill. The ore is hoisted to the top of the shaft house, where it is dumped into a big bin with a slanting floor which carries it to a door, where a man with a hoe feeds it to the crushers. From the crushers it is carried by carriers and dumpers into a trough which leads

RUSSIA FOMENTS PEASANT UNREST

OFFICIAL PAMPHLETS CAUSE DISTRUST IN COUNTRY.

STIRS HATE AGAINST JEWS

Allegation Is Made That St. Petersburg Police Print and Distribute Anti-Semitic Literature in Rural Districts.

St. Petersburg, July 10.—The initial step toward the adoption of a direct address to the country to counteract the impression the government's communications with regard to the settlement of the agrarian question are making among the peasantry, were taken in the lower house of parliament Monday, when an interpellation was introduced asking for an explanation of the dissemination of the governmental proclamation to the peasants July 3.

This proclamation, accompanied the publication in the Official Messenger of the government's agrarian bill and set forth the emperor's constant solicitude for the peasants' welfare, and denied that the government was opposing expropriation in the interest of the landlords, concluding with an expression of the vital necessity of maintaining the rights of property as being the foundation of the state.

The interpellation was referred to a commission, which is expected to recommend the issuance of a counter appeal setting forth the views and intentions of parliament.

Prof. Kuzmin-Karavayev, the legal expert of parliament, has developed the theory that the action of the administration in spreading views directly opposed to the expressed policy of the legislative branch was an illegal encroachment on the privileges of parliament.

Peasants Distrust Parliament.

Deputy von Rutzen, from the province of Kursk, who has just returned from a visit to that section, said he had found many peasants harboring a distinct feeling of distrust, if not of animosity, towards parliament, which they utterly do not encourage. The government's agrarian proclamation, he said, was distributed broadcast in the form of handbills and posters throughout the country, and agents of the administration are actively attacking parliament's principle in the agrarian question as being aimed as much at the small holdings of peasants as at the vast estates of the nobility.

PRESIDENT FILLS OFFICES

CHARLES EARLE COMMERCE AND LABOR SOLICITOR

Takes Place of Edwin W. Sims, Who Becomes United States District Attorney at Chicago.

Oyster Bay, N. Y., July 10.—President Roosevelt took up his daily task with his correspondence shortly after nine o'clock Monday, an hour earlier than usual, and finished by noon.

When Secretary Loeb returned from Sagamore Hill, he announced that the president had filled the place of solicitor to the department of commerce and labor by the appointment of Charles Earle. This place was made vacant by the appointment of Edwin W. Sims, as United States district attorney at Chicago. Mr. Earle is an assistant attorney in the department of justice and has had service in the bureau of corporations, in the department of commerce and labor.

The president also authorized the official announcement of the appointment of Richard K. Campbell as chief of the new bureau of naturalization. Mr. Campbell has had long service as solicitor for the bureau of immigration.

President Roosevelt sent to the Oyster Bay public library four handsome volumes, being the old and new testaments illustrated by J. James Tissot. The two volumes of the old testament contain 395 illustrations, and the two of the new testament 365 illustrations. Ever since the president laid the cornerstone of this library, he has sent a contribution of books.

James B. Sloan, Jr., chief of the president's secret service corps, pleaded guilty to a charge of assault Monday and was fined ten dollars. Clarence Legendre, a New York photographer, preferred the charge.

CONGRESSMAN ADAMS DEAD

News Creates Profound Sorrow at Madison, Wis., Where Flagg Are Placed at Half Mast.

Madison, Wis., July 10.—The news of the death of Congressman Henry Cullen Adams in Chicago Monday morning was received by his relatives, neighbors and host of friends here with profound sorrow.

Flags flew at half-mast on the state capitol, county courthouse, Elks club house and other buildings as a mark of respect for his memory and grief at his demise.

His body arrived from Chicago at eight o'clock Monday night and was conveyed to his residence.

The funeral will be held Thursday afternoon and the interment will be at Forest Hill cemetery, near the west end of the city. Col. Henry Casson, sergeant at arms of the house of representatives has charge of the funeral arrangements.

Speaker Joseph Cannon, of Illinois,

and Representative J. S. Sherman, who have long been intimate friends of their dead colleague, have already wired their sympathy to the family and announced their intention of attending the funeral. Speaker Cannon also wired that he had appointed a committee of representatives to attend the funeral.

CLOUDBURST DOES DAMAGE

Homes and Business Houses Flooded and Foundations Weakened by Rush of Waters.

Wellsville, O., July 10.—A cloudburst in the country, just back of this city, sent a torrent of water down McQueen's creek and Trotter's run that caused a loss of thousands of dollars to property owners and city property. Over 200 homes and business houses were flooded, and foundations weakened so that people would not remain in the houses Sunday night. The storm water sewers could not carry off the flood in the lowlands and water backed over that part of the city to a depth of over three feet, in some sections, filling cellars and first floors.

Michigan Jurist Dead.

Grand Rapids, Mich., July 10.—George Proctor Warty, United States judge for the western district of Michigan, underwent a surgical operation in London last Friday and failed to rally, dying Monday. His wife was with him on his trip abroad.

The Light for the Home

IS

ELECTRIC LIGHT

If your residence is not wired, have it done now.

ELECTRIC LIGHT, everything considered, is really cheaper than any other. No matches nor mantles to bother with, no lamps to clean. Let us give you an estimate today.
